EMERALD TRANSFORMER

MISSION STATEMENT

With over fifty years of experience in the transformer services industry, Emerald Transformer is the premier solution for electrical equipment. Emerald provides a wide range of transformer services, including remanufactured transformer stock, repairs, decommission, field technical services, parts, PCB disposal, and recycling. Our national network of factories and service centers are strategically located to serve our broad and diverse customer base.

Emerald is committed to extending the life cycle of our customers' equipment and protecting their capital investment. We partner with our customers to exceed their expectations by delivering valuable solutions. Emerald strives to have the lowest repair failure rate in the industry. We ensure the proper handling of any type of hazardous material in compliance with all federal and state environmental regulations.
